## Dedication

This book is dedicated to all the children  
that make the wheels go round  
and love their cars, trucks, bikes, etc.  
as much as Ford.

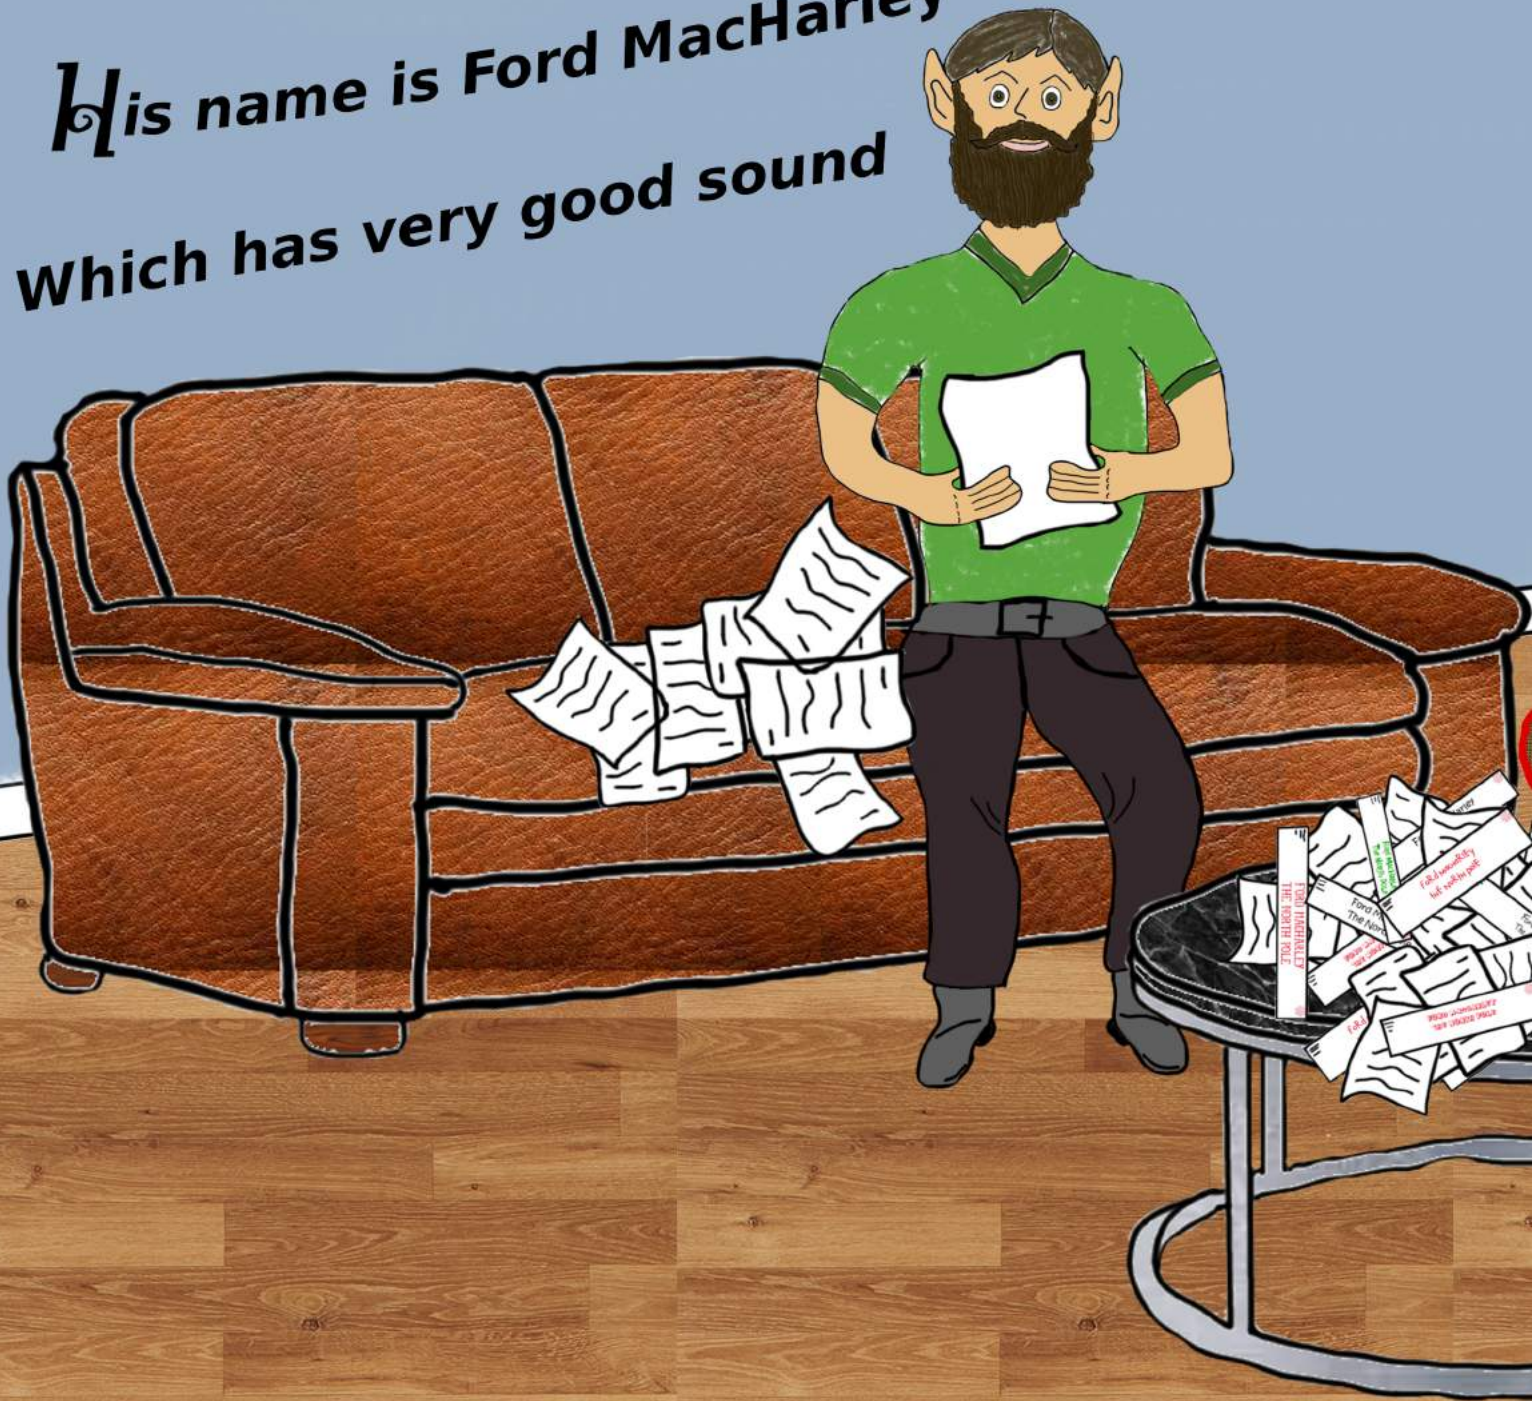

May they always keep spinning  
and may you always enjoy the ride.

*There is an elf at the North Pole  
Who's favored more than most  
Children write to him every day  
Though of this he'd never boast.*

*His name is Ford MacHarley  
Which has very good sound*

*Since he works with all kinds of wheels  
And almost anything that goes round.*

*Not only just on cars and trucks*

*But bikes and trikes galore*

*He also loves wagons and skateboards,  
roller skates, scooters and more!*

***"I enjoy watching them go around  
and the way that they will spin  
How perfectly round  
and smooth they are,"  
He says with a very wide grin.***

***"I love all the different cars and trucks  
And the motorcycles, too***

***No matter the make, model  
or color,  
Whether green or red  
or blue.***

***It's because they all can take us  
Anywhere we want to go.***

***And they can get us there very fast,  
Instead of moving slow."***

# Ford MacHarley Master Wheelsmith

Cars, trucks, bicycles, tricycles, wagons, scooters...what do they have in common? They all have wheels! And Ford MacHarley is our Master Wheelsmith. So whether Santa needs a remote control car for Jacob or a new bicycle for Emma, he can count on Ford to get what he needs.

Come meet the elf that grants so many wishes for children. Ford loves to make children smile by granting their wishes on Christmas day. And Santa relies on Ford for many of the toys that fill his bag. Particularly if they have wheels!

Be sure to read Santa's personal message at the back of this book, so you know how to stay on his Nice List! Collect all the Santa's Elf Series© books to discover all the wonderful elves and magic that takes place at the North Pole.
